PLEASE SUPPORT US!

Bookwagen provides free educational books for children and their parents. We make them – Vladimir and Irina, publishers with 20 years of experience.

We are sure that every child should gain knowledge regardless of the parents' abilities, so we are distributing our books for free, hoping for your financial support.

Our goal is to make at least 100 interesting books for a child's all-round development.

Preparing a quality book requires significant resources, so most books will only appear because of your help.

As a thank you for your donation, we will send a personalized sponsorship certificate to your email.
